### Favourite food experience?

A late lunch I had with some friends about six years ago in Naoussa, on the island of Paros. Tippie of choice? Negroni ... always. Favourite restaurant? Funky Gourmet in Athens. It offers an amazing take on modern Greek food. Recent projects? The installation of our wood-fired founo (oven) brought over from Greece. What are you looking forward to? Using the founo to create new dishes for our spring/summer menu that will work well for the generous feasts we love providing at Alpha.
